**OLD DOMINION FREIGHT LINE EARNS \$0.36 PER DILUTED SHARE FOR
FIRST-QUARTER 2007**

Affirms Established Guidance for 2007 Earnings per Diluted Share in Range of \$2.00 to \$2.05

THOMASVILLE, N.C. (April 26, 2007) – Old Dominion Freight Line, Inc. (NASDAQ: ODFL) today announced financial results for the first quarter ended March 31, 2007. Revenue was \$319.9 million for the quarter, a 9.7% increase from \$291.6 million for the first quarter of 2006. Net income for the first quarter of 2007 was \$13.6 million, or \$0.36 per diluted share, compared with \$13.0 million, or \$0.35 per diluted share, for the first quarter of 2006. Old Dominion's operating ratio increased to 92.2% for the first quarter of 2007 from 91.9% for the first quarter of 2006.

Earl E. Congdon, Chairman and Chief Executive Officer of Old Dominion, commented, "Old Dominion's results for the first quarter reflect a difficult operating environment due to slower domestic economic growth and harsh winter weather. Despite these challenges, Old Dominion increased its revenue by 9.7% through a 7.4% increase in tonnage and 1.4% improvement in revenue per hundredweight. Although the increased tonnage improved service center and linehaul density, the improved efficiency was not sufficient to offset increased operating expenses, resulting in a 30 basis point increase in our operating ratio for the quarter.

"While we believe the economic environment will remain challenging during the second quarter, we remain committed to our long-term growth objectives that include steady geographic expansion through the opening of new service centers and accretive acquisitions. We recently announced a definitive agreement to purchase selected assets from Priority Freight Lines, Inc., which operates eight LTL service centers in Washington, Oregon, Idaho and Utah. Upon the completion of this transaction, which we expect to occur later this month, we plan to operate three of these service centers located in Yakima and Pasco, Washington and Medford, Oregon, while consolidating the remainder of Priority Freight's operations into our existing network. As a result of this acquisition, we will initiate full-state coverage in Washington, the 38th state with such coverage, and enhance our direct service in Oregon. We will also increase the number of our service centers in operation to 187 from 182 at December 31, 2006 with the addition of these three service centers and the West Atlanta, Georgia and Cedar Rapids, Iowa service centers that we opened in the first quarter."

Based on the Company's first-quarter results and its outlook for the remainder of 2007, Old Dominion today affirmed its established guidance for earnings per diluted share for 2007 in a range of \$2.00 to \$2.05. In addition, the Company today established its guidance for earnings per diluted share for the second quarter of 2007 in a range of \$0.52 to \$0.55.

Mr. Congdon concluded, "Our cautious near-term outlook does not diminish Old Dominion's opportunities to achieve long-term secular growth. We will continue pursuing these opportunities from our strong, differentiated market position as a single-source, non-union provider of comprehensive and high quality regional and inter-regional LTL services."
